Dear Michael:

Inspirational, motivational, passionate . . . these are just a few of the words that describe your presentation!

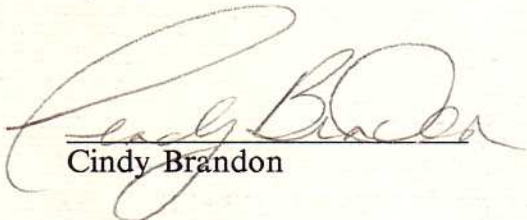

Michael, thanks for leading off our students on the journey of success here at Centennial College. Your strategies for Successful Living and Learning were energizing, practical and exactly what students and staff need to maximize their potential in life and school.

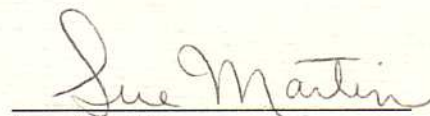

Michael, you have 'set the stage' for a terrific learning climate for us and our students and for this, we are grateful and excited about the upcoming year!
