Dear Michael:

Thank you for your presentation at Applewood Manor on May 10, 1990. I speak for all our Food Service Supervisors when I say your topic of 'Humour and The Gift Inside' was well received. It was informative, inspirational and humorous. I am hopeful we will put your suggestions to good use in both our daily jobs and lives. In addition, your own personality added to our general session.

Yours sincerely,

Betty Griffith
Director of Dietary Services
