Dear Michael;

Thank you for an informative and great presentation. Was it a success? YES! We've got an enthusiastic response back from our dealers. I've even received letters back from our dealers about the day and your positive and inspirational contribution.

Sales are up +235% at Pacific Energy this month. Your style really fit the Pacific Energy and Northwest Stove way of doing things.

We'd certainly recommend you, if you ever need a reference.

Regards,

Wayne Rourke
