Dear Michael:

Thank -you so very much for the excellent key note address and workshops you presented at our professional development day. Your message was well received and I believe a number of my colleagues were rejuvenated by your words.

Also thanks for coming such a long way and enduring two workshops without much of a break. We appreciated it.

I have no doubt that we'll be in touch again. Take care.

Yours truly,

Barbara Rutherford,
Professional Development
Committee Chairperson.
