Dear Michael;

On behalf of our group I would like to express my sincere appreciation for your many helpful suggestions and professional presentation on "How to deal with life after a major illness strikes."

Your informative talk on January 22nd was extremely well received by all who attended. Various people have approached me commenting most positively on your sense of humour and positive attitude in putting everything in prospective, never dwelling on the negative. You brought sunshine and inspiration to everyone in the room.

Looking forward to seeing you again on February 26th, 1990.

Thanks again;

Flora Riley and Members
