G'Day Miguel:

Talk about nice to see someone in action. Wow! You haven't lost your touch. In fact I think you've even improved upon it if that's possible.

You did wonders for those adult students in 2 days. Now imagine if we can convince Chris Cruickshank to bring you in at the beginning, possible a day in the middle and then two at the end. I see this as a real possibility as the course grows in strength and awareness.

Well it's off to ComDex tomorrow. Maybe I'll win some free stuff this year instead of just a lousy Linux tee-shirt :-)

Looking forward to seeing you in two weeks.

Cheers!
